DETECT

GROUP UNREST APPROACHING TRANSFORMER

Dangerous crowds have been gathering in streets near the restricted area of a high voltage transformer located in the downtown area of a large city. Cameras equipped with video analytics monitoring the fence line detect motion approaching.

ANALYZE

APPEARANCE TRACKED

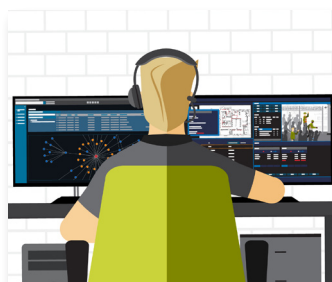

Situational awareness maintained as intruder's appearance is tracked across multiple cameras on and around the transformer.

COMMUNICATE

RESOURCES DISPATCHED

Location and appearance of intruder is determined and shared across security teams to apprehend intruder and potentially deter violence. Security uses microphone to warn intruders they have been detected.

RESPOND

FIRST RESPONSE DISPATCHED

Local police directly informed with video for immediate response and incident logged with relevant data.
